

D.A.V INTERNATIONAL SCHOOL AHMEDABAD

CIRCULAR GRADE- I & II

AO/PR/Cir/12/03

04.12.14

Dear Parents,

Greetings

With immense pleasure we invite you to visit the school for the **Science Exhibition**, organized by the students of grade I & II with the help of their teachers on **19th December Saturday, 2015** at 11.00 am to 2.00 pm in **D.A.V international School Ahmedabad.**

This event is of great importance in the D.A.V calendar, as it will offer an opportunity for our students to put into practice what they have hitherto learnt in classrooms. This invariably means additional reading, creative thinking learning from experience & most importantly the realization that there are certain things which cannot be learnt by books alone but need real life experience.

It will also offer an opportunity for our student to acquire other skills related to team work, presentation and communication. **Parent's participation and encouragement shall mean a lot to the young DAV-ians.**

A few guidelines may be followed:

- ❖ Do not carry with you bags or any other belongings, walk freely around.
- ❖ Do not rush into a room, where already there are enough people observing and appreciating the projects.
- ❖ In case you are coming in your own vehicle, park the vehicle in order and while moving away please take care to avoid traffic commotion.
- ❖ Kindly note, School transport shall not be provided for the day. Parents are requested to drop and pick up their ward from the respective classes as per the timings mentioned below,

Name _____

Class _____ Div _____

Drop time _____ Pick up time _____

With Best Wishes

Dr. Nivedita Ganguli
Principal
