

## MESSAGE FOR THE NEW YEAR 2015

Dear friends .....

2015 has arrived in all its glory. I convey my choicest wishes to all the teachers, students and to the members, and their families, of the DAV fraternity and the Arya Samaj.

As we look back at the past years, we have achieved much, thanks to the unstinting efforts of our seniors and our fore-fathers, but a perpetual organisation like the DAV has no option but to improve internally and to grow continuously, and that too, at a rate faster than the other players in the field. We will have to be more nimble, more sure-footed, more alert to new opportunities and quicker to convert a prospect into another institution working in the process of man-making.

Voltaire had once said “ if we want people to speak good of us, we must be good.” So the perception that people must carry about us is that DAV is fair, brutally honest and factual in our assessment and our work of character building. We mean business and will leave no stone unturned in the process.

I am here at the DAV CMC Head Office at ChitraGupta Road, New Delhi. I can visit , I can give speeches, I can motivate, but it is actually you, and each and everyone of you who represents the DAV and the Arya Samaj to the world. I am proud of you and wish each and everyone of you a most successful 2015 as you help me, as you help the DAV movement in spreading the ideas and philosophy of Swami Dayanand and the Arya Samaj, and more importantly, as you help in the process of Character building thus building a new, powerful and a smart India.

I pray to the Almighty that “ ***Aap Khush Raho, Khushal Raho, Abaad Raho, Azad Raho.***”

**Jai Hind.**

**Punam Suri  
President DAV CMC**
