

Dr. Kavita Parikh , head of statistics department of GLS University conducted an Environment Conservation workshop for grade 5, on 18<sup>th</sup> August 2015. Mrs Amita Parikh, Mr. Sanjeev Srivastava (who is a trainer of water and waste water technology in industries)and few volunteers (who are in their post graduate year) accompanied to motivate and talk to students in contributing their part to conserve and preserve environment.

Kavita Ma'am gave insightful talk on worship as mentioned in Vedas, she emphasized the need to respect and nurture the cultural and traditional practices of conserving and protecting Mother Nature, her focus was on motivating students to make it possible to devote their time, thought and energy for environment so that they can equip themselves with new and innovative ideas to save our planet from adverse effects of pollutions.

At the end of the program the Students created their own motto and slogan to contribute their part and took oath for better and clean earth. All the students were positive about taking care of their surroundings too.
